General Information

LOCATION—The sale will be held in the modern heated sale pavilion on the Osceola County Fair Grounds just three blocks west of the main intersection in Sibley, Iowa. Sibley is at the junction of Highways 9 and 33, and excellent paved and graveled roads run in both directions. It is on the main line of the Chicago and Northwestern Railroad.

TIME—The sale will start at 12:30 p.m. on Tuesday, January 6, 1959.

TERMS—The terms of this sale are cash unless other arrangements are made in advance with the consignor from whom you purchase. Settlements are to be made with the clerk of the sale immediately at the conclusion of the auction. All stock will be at buyer's risk as soon as bid off and will be loaded in compliance with instructions from purchaser.

GUARANTEE—All cattle are sold subject to a 60 day retest for tuberculosis. Health certificates will be furnished to enable them to be shipped into any state or territory. Bulls are guaranteed breeders if properly cared for and not allowed to run with the herd. If a bull fails to breed he may be returned to the seller if in as good condition as when sold; if after a test in the seller's herd he still fails to breed he will be replaced or the purchase money will be refunded. All cows with calves at foot are considered breeders and no further guarantee is made with respect to them. All other cows and all heifers over sixteen months old at the time of sale are guaranteed to be breeders. Animals returned to sellers because they do not comply with guarantee will be at buyer's cost of transportation.

Any claims for adjustment because an animal is a non-breeder must be made within ninety days of the date of the sale.

The above guarantee and terms shall constitute a contract between consignor and buyer of each lot. Neither the sale manager, nor the clerk of the sale assumes any liability, legal or otherwise.

PEDIGREE CERTIFICATES—A certificate of registry and transfer will be furnished for each lot sold and an application for registry will be furnished for each calf sold at foot and for each unborn calf sold in dam.

Where footnotes appear in this catalogue they were furnished by the consignors or written from information supplied by the consignor.

FOREWORD

The 19th ANNUAL TRI-STATE SHORTHORN BREEDERS' SHOW AND SALE to be held at SIBLEY, IOWA, on TUESDAY, JANUARY 6, 1959, is presenting it's best balanced offering quality-wise in its 19 year history from the standpoint of improving herd bulls and foundation females. This sale has established an enviable reputation as a place for breeders and farmers to buy improving herd bulls and females. Each year new consignors have been added, and each year new bloodlines are offered for old customers. The offering has annually sold to many states over a wide area.

If you will study this catalog carefully you will note that the richest bloodlines are offered. Note that many are by top imported bulls, the others are by proven American bred bulls. All are out of proven producing dams.

The bulls offered contain rugged 2-year-old, outstanding yearlings old enough for service, and top junior bull calves that are real prospects.

The females contain good cows with calves at foot, improving bred cows and heifers, and 12 junior heifer calves, many of which are show prospects and ideal for 1959 4-H purebred heifer projects.

The Tri-State Sale is proud of a long list of satisfied customers, so why not join them on sale day, January 6, at Sibley?
